

# C.U.B.E.S.

## Word Problem Strategy Poster and Song Lyrics

### C.U.B.E.S.

A winning play every time!

Circle the key numbers.

Underline the question.

Box the math action words.

Evaluate. ("What steps do I take?")

Solve and check.

### C.U.B.E.S.

To the tune of "The Farmer in the Dell"

C, U, B, E, S... C, U, B, E, S

Hi-ho, the strategy I know,

C, U, B, E, S.

Circle around the numbers, circle around the numbers,  
Hi-ho a trick I know,

Circle around the numbers!

Underline the question, underline the question,  
Hi-ho a trick I know,

Underline the question!

Box the action words, box the action words,  
Hi-ho a trick I know,

Box the action words!

Evaluate the problem, evaluate the problem  
What, what do I do?

Evaluate the problem!

Solve and check my answer, solve and check my answer  
Woo-woo, I'm almost through,

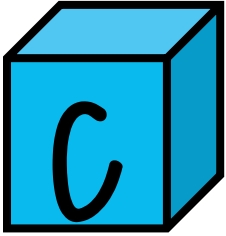

Solve and check my answer!
